## I Hate Kate

Advisory - the following lyrics contain explicit language:

When I say love  
Tell me what comes to mind  
Is it your love to watch me  
Suffer all the time? When I say regret  
Tell me what comes to mind  
Is it not scratching out my eyes  
When you have time? The time to lie to me, pleasure me  
Then suffocate me in my sleep  
Would you tell me all the things  
You know I wanna hear?  
And lead me to believe When I say fall  
Tell me what comes to mind  
Is it October first  
When we first had the time? The time to kiss me, miss me  
Fuck my friends, make me naive  
Would you tell me all the things  
You know I wanna hear?  
And lead me to believe I admit we're sick  
And we breathe the chaotic eye  
I find the beauty  
In the comma psychotic In this universe  
It goes from bad to worse  
Only if you let it  
Only if you let it In this universe  
It goes from bad to worse  
I won't let it  
I won't let it When I say complete  
Tell me what comes to mind  
Is it the kind of life  
That I could never find? Would you lie to me, pleasure me  
Then suffocate me in my sleep?  
Would you tell me all the things

You know I wanna hear?  
And lead me to believe I admit we're sick  
And we breathe the chaotic eye  
I find the beauty  
In the comma psychotic In this universe  
It goes from bad to worse  
Only if you let it  
Only if you let it In this universe  
It goes from bad to worse  
I won't let it  
I won't let it
