

The Life (feat. Wizkid & Trey Songz)

Jeezy

You ain't real if you ain't took nothin'
One time, my niggas off in Brooklyn
 Shout my niggas in California
Where your enemies, they be on ya
 One time for Atlanta
Nigga make million off his Country Grammar
 In Detroit, they don't think twice
Thousand pounds, hundred bricks, yea that good life
 Buongiorno, speakin' Italian
Spend my 30 stacks in a weekend down in Milan
 Oh yea
 Yea, we party with mamacitas
 We don't wear them Rollies
 'less dem' rose gold, yellow, yeaah
 Damn it's about to be a scene tonight
 When we pull up in them things, tonight
 Yellow golden diamond rings, tonight
 We're livin that good life (Yea!)
 Livin' that good life
 Livin' that good life (ayyyy)
 Livin' that good life (yeeeaaaa)
 Introduce you to that good life
 Spent a rack on the belt, sip by myself
Stay away from suckers 'cause they bad for my health
 Blew a kilo in Cavalli, oh I think I need some help
These niggas screamin' rich, I'm just trying to chase some wealth
 .40 cal Glock edition, I tote it myself
 Niggas get to bangin', I will bang this bitch myself
 What'chu know about them 2-door shifts wit no tops
 Jordan sandals on, might drive it with no socks
 What the fuck you expect? A nigga used to sell rocks
 Hit the interstate in a rental wit them blocks
 Talkin' push button start, no need for keys
 We ain't like them other niggas, baby we's is G's
 Yea that good life
 Buongiorno, speakin' Italian
Spend my 30 stacks in a weekend down in Milan
 Oh yea
 Yea we party with mamacitas
 We don't wear them Rollies

'less dem' rose gold, yellow, yeaah
Damn, it's about to be a scene, tonight
When we pull up in them things tonight
Yellow golden diamond rings, tonight
We're livin' that good life (Yea!)
Livin' that good life
Livin' that good life (ayyyy)
Livin' that good life (yeeeaaaa)

Introduce you to that good life You know you livin' when you livin' bout 40 floors up

Valet get ya car, they gotta lift them doors up
Straight to the penthouse, tear them whores up

Next time them hoes with you, tell them bitches I say "What's up?"

Got me a taste of that success and I can't get enough
Mix the haters with the fakers, that shit could be rough
Real talk, fuck em, 'member mom couldn't pay her bills
No gas in the winter gave me the chills

Posted in the projects smokin' reefer (Now what we doin?)

Now a days niggas two tone Cohibas
Dom P for the pain

Po' up a shot of Avion for the game Buongiorno, speakin' Italian

Spend my 30 stacks in a weekend down in Milan
Oh yeaah

Yea we party with mamacitas
We don't wear them Rollies
'less dem' rose gold, yellow, yeaah
Damn, it's about to be a scene, tonight
When we pull up in them things tonight
Yellow golden diamond rings, tonight

We're livin' that good life (Yea!)

Livin' that good life
Livin' that good life (ayyyy)
Livin' that good life (yeeeaaaa)

Introduce you to that good life.
