Scarecrows On a Killer Slant

Liars

Why'd you pass the bum on the street?
Why'd you pass the bum on the street?
Why'd you pass the bum on the street?
Why'd you pass the bum on the street?
Cos he bothered you!
Cos he bothered you!
Cos he bothered you!Why'd you shoot the man with the gun?
Why'd you shoot the man with the gun?
Why'd you shoot the man with the gun?
Why'd you shoot the man with the gun?
Cos he bothered you!
Cos he bothered you!
Cos he bothered you!We should take the creeps out at night
Drag them incomplete by their ears
We should nail their thoughts to the wall
Stand them in the street with a gun
AND THEN KILL THEM ALL!
AND THEN KILL THEM ALL!
AND THEN KILL THEM ALL!How can they be saved from the way they live every day?
How can they be saved from the way they live every day?
How can they be saved from the way they live every day?
How can they be saved from the way they live every day?
