# Just Ask Me To

## Tevin Campbell

Just, just ask me, just ask me to
Just, just ask me, just ask me to
Just, just
Oh yeah, first of all lets make it clear, I'm a strong young man
Takin' no shorts ya see, yeah, so if you plan on makin' waves
It's just a waste of time, you should face reality, yeah
I don't want you to think that I'm afraid or shy
Naive I would never be, I just want a friend
So I can hold her hands, come on baby and get with me, yeah
Just ask me to, I'll be with you
A hug, so much fun again
If you walk with me, I'll walk with you
And hug, you're my special friend
Forget those people talkin' trash
Let's jet off and escape, girl, it's not too late
Baby, take Tevin by the hand, I'm sure you'll understand
Lady, this is fate, don't be afraid
I'm not here to get goof around, you should understand that G
You can make all the types of way that you want
But I won't let you play yourself, no not with me, yeah
Don't be afraid, we've got it made we're young
It feels so good to know we have room to grow
Check it out, yeah check it, Atomic Tevin
I know you really feel like you're in Heaven
Your grills are seven and your body reads eleven
If you really wanna see G don't pretend to be all cute
She knows you loot not Al B. can't convince me that you're naive
The squads will proceed, your position rationalize who you are
Tevin Campbell gets souped you're a star yo she said
"Can you tell me where we're going to?", to my crib for a few
Don't sexual, sexual means half and if she's on that program
That's whats your staff is for, she might've been around the world
And I, I, I, I, you might find your baby and if not
You can come to my crib, I'm Chubb Rock, Peace
Just ask me to, I'll be with you
A hug so much fun again
If you walk with me, I'll walk with you
And hug, you're my special friend
Break it down, I'm in here G

'Cause I'm the T to the E
To the V, to the I, to the N, baby
Forget those people talkin' trash
Let's jet off and escape, girl, it's not too late
Baby, take Tevin by the hand, I'm sure you'll understand
Lady, this is fate
Yeah, yeah, yeah babe
Audi 5000
Peace
