

Ghost (Dirty Mittz Remix)

Darling Parade

Another long night with you here
Held together by a thread
And nothing really matters since you've been gone
Still hear the last three words you said
Its hard to move on
When I'm still feeling stuck
Hard to be strong
When I'm not strong enough
I could let you go, but I cant give you up
And its just too much
Yeah its just too much 'Cause I'm still living with the ghost of you
I don't wanna let you go
No one could ever get me the way you do
And I'm still living with the ghost of you
You've been creeping down the halls
Its like you're in the walls
When I'm laying in my bed
I cant learn to be alone, I cant get you gone
If you're always in my head
Its hard to move on
When I'm still feeling stuck
Hard to be strong
When I'm not strong enough
I could let you go, but I cant give you up
And its just too much
Yeah its just too much 'Cause I'm still living with the ghost of you
I don't wanna let you go
No one could ever get me the way you do
And I'm still living with the ghost of you
