Short Ride Down

Exit 159

I could be the president.
I could be another liar.
I could be a winner or a race car driver.
I would be your wonder woman, I would be your superman.
I could be the one if we could just go higher.
Anything I wanna be.
Anytime is good for me.
Anything I wonder I could be, I could be.
Anything I wanna be.
Anytime is good for me.
Anything I wonder I could be, I could be anything.
It's a long way up,
It's a short ride down.
It's a long way up,
It's a short ride down.
It's a long way up,
It's a short ride down.
It's a long way up,
It's a short ride down.
You wouldn't want to walk away with out a doubt in your mind.
Holding back now seems so unkind.
Should have told you no when I still knew what that meant, but now it makes sense.
Anything I wanna be.
Anytime is good for me.
Anything I wonder I could be, I could be.
Anything I wanna be.
Anytime is good for me.
Anything I wonder I could be, I could be anything.
It's a long way up,
It's a short ride down.
It's a long way up,
It's a short ride down.
It's a long way up,
It's a short ride down.
It's a long way up,
It's a short ride down.
