How Do You Do That?

Ed Bruce

Words & Music by
Ed Bruce and Donnie BlanzAt the door at five a.m.
Off to bust my back again
And here you are, kissing me goodbye
Suddenly the day at hand
Doesn't seem to be so bad
Once again, you make things alright- Chorus -
How do you do that
You find diamonds in the drops of rain that fall
While I just get wet
You let the sun shine through it all
It's a wonder to me
How do you do thatYou call to say "Honey, hurry home"
You've thought about us all day long
Baby, tonight we're staying in
We'll count the stars on a moonless night
Watch the shadows by candlelight
And you'll love me like the first time again(Repeat Chorus)You're a wonder to me
How do you do that
