

# I Want Some Money

## Chief Keef

I need me some money, where it's at, where the spot?  
How much they talkin', they got some guap  
I'm at peace with money, you countin' guap  
You want some guap, you love the guap  
I got feats with guap, you wanna get some  
You gone get some, then go and get some  
Bitch I eat a lot, I want some money  
I want some money, I want some money M-O-N-E-Y, I need it  
That bitch top is right, aye, I feel it  
And then when I'm done, that money I get it  
I belong to suns, it's cold outside got my shirt like I'm feeling  
I be smoking chronic, you be smokin' that midget  
One by one by one, like bitches that money I get it  
OG in my lungs, it's a cough coming up, lil nigga I feel it  
Pull up with them guns like bow bow bow bow nigga I did it  
I come from the slums, I made it out fuck nigga then I win  
Pull up witcha guns, wanna bow bow bow bow nigga I'm with it  
Wanna come up in this restroom naw naw naw nigga out the shits  
And I treat the money like beef I eat cow cow cow cow nigga let's get it  
Pull up K start wrestling and I let my dog get out  
You ain't talkin' money and you want some beef you can get shot  
For a show a hundred racks Imma bring my hundred shot  
I'm a spark my own shit I got me and money got me  
Pull up with the street sweeper pussy you're a running rabbit  
You bunny rabbit, pull up with a gun that's savage  
Pull up in a car that's savage but bitch I'm a lil bastard  
Come from Chiraq, but I'm rich, bitch, now I live in Cali  
Bitch I'm all about a salary all the calories all the money  
I need that boxer money, if you ain't talking then y'all don't love me  
I be bossin' honey let me fuck and y'all gone love me  
She wanna fuck me niss member she said that I was ugly
