Fireball

Curtis McPeake

Fireball, I'm atomic all day now
Talking bout game, got bars like a playground
Hey now, I hope you're ready for the take down
Tell cyranizzy to hit me with the break down
I'm throwin' money over here, money over there
Tryna get the party, throw my money everywhere
Ayee she a fireball (fireball), ayee she a fireball
I'm a fireball, biiiitch!
I'm a fireball, baby, I get money
What's funny, dollar bills in my tummy
I'ma keep it moving, moving, stay runnin'
Boppers keep on hopping, playboy bunny
Keep the money coming, keep the money coming coming
Keep the money coming, keep the money coming coming
Now I got the world humming, i got the world humming humming (humming humming)
W-w-what-what-what-what chu looking at, triiiick (trick)
Fireball, I'm atomic all day now
Talking bout game, got bars like a playground
Hey now, I hope you're ready for the take down
Tell cyranizzy to hit me with the break down
I'm throwin' money over here, money over there
Tryna get the party, throw my money everywhere
Ayee she a fireball (fireball), ayee she a fireball
I'm a fireball, biiiitch!
Now I'm ridin baby, it's a late night
Got purp on deck in a straight light
I create hype, while you sit tight
Don't think twice when I spit I always hit it right
Keep the money coming, keep the money coming coming
Keep the money coming, keep the money coming coming
Now I got the world humming, i got the world humming humming (humming humming)
W-w-what-what-what-what chu looking at, triiiick (trick)

Fireball, I'm atomic all day now
Talking bout game, got bars like a playground
Hey now, I hope you're ready for the take down
Tell cyranizzy to hit me with the break down
I'm throwin' money over here, money over there
Tryna get the party, throw my money everywhere

Ayee she a fireball (fireball), ayee she a fireball
I'm a fireball, biiiitch!
I, I just want to have it all
Seeing everything I dream of (dream of), watch me rising like a phoenix (phoenix)
And I, I'm never gonna fall
'Cause I'm harder than the rest of them
And I think I got, the best of them
I'm a fireball, baby (baby)
I'm a fireball, baby (baby)
And I'm driving you crazy (crazy)
'Cause I'm the lady (lady)
I'm throwin' money over here, money over there
Tryna get the party, throw my money everywhere
Ayee she a fireball (fireball), ayee she a fireball
I'm a fireball, biiiitch!
You got me running over here, running over there
Baby tell me, can I holla, I've been running everywhere
Ayee she a fireball (fireball), ayee she a fireball
I'm a fireball, biiiitch!
I'm throwin' money over here, money over there
Tryna get the party, throw my money everywhere
Ayee, aye aye, a-ayee, aye aye
You got me running over here, running over there
Baby tell me, can I holla, I've been running everywhere
Ayee, aye aye, aye ayee, aye aye
I'm a fireball, biiitch!
