

Get Ready

Mukamas Elektro

I know the storm is coming
There are clouds up ahead
 You can't keep running
You better face the clouds instead
 When the storm winds blow
 Don't you cover and hide
You've got to let go of the demons
 You're keeping inside
There's no shelter from your pain
 So get ready for the rain
 Get ready for the rain
Now you can't change the weather
 Though you've tried to for years
 But the rain is coming
And there's no way to hold back the tears
 Too late to say you're sorry
 You'll have to take the blame
 But the water is rising
And it won't wash your problems away
 There's no shelter from your pain
 So get ready for the rain
 Get ready for the rain
 So get ready for the rain
 Get ready for the rain
