Woke Up With A Monster

Cheap Trick

Hush little darling, don't you cry
Daddy's comin' home, comin' home tonight
No bed of roses for your head, for you
You see no future, it's all in the past
This is a nightmare, won't be your last
It's hard to admit, it's hard to admit, you're that blindMommy and Daddy don't see eye to eye
Mommy and Daddy don't see when we cry
Mommy and Daddy they don't understand
What's wrong with this picture, is right in their hands?Sleeping with an angel
Woke up with a monster
Sleeping with an angel
Woke up with a monsterHush little darling, don't be long
Momma's little angel can't do nothin' wrong
No bed of roses in your head, for you
Who'll dry your tears when you cry?
Daddy's comin' home just in time
Will he be the one to make it, to help make it right?'Cause Mommy and Daddy don't see eye to eye
Mommy and Daddy make each other crySleeping with an angel
Woke up with a monster
Sleeping with an angel
Woke up with a monsterNot sleeping with an angel
Not sleeping with an angel
Well, Mommy and Daddy don't see eye to eye
Mommy and Daddy don't hear when we cryMommy and Daddy don't see eye to eye
Mommy and Daddy don't see when we cry
Mommy and Daddy they don't understand
What's wrong with this picture, is right in their hands?Sleeping with an angel
Woke up with a monster
Sleeping with an angel
Woke up with a monster
Sleeping with an angel
Woke up with a monster
Sleeping with an angel
Woke up with a monsterOh no no no no no no no
No no no no no no no no no
La, la, la, la, la, ow
