

Cheating On You

Franz Ferdinand

And goodbye girl, because I'm lonely
And goodbye girl, it isn't over
And goodbye girl, because it's only love, yeah And goodbye girl, you know, you want me
And goodbye girl, yes, I'm a loser
And goodbye girl, you know it's only love, yeah I'm cheating on you, yeah
I'm cheating on you, yeah
I'm cheating on you, yeah
You're cheating on me And goodbye girl, you are the only one
Goodbye girl, I know you want me
And goodbye girl, you are the only love, yeah Goodbye girl, well, if you're lonely
Goodbye girl, why don't you join me?
And goodbye girl, you know it's only love, yeah I'm cheating on you, yeah
I'm cheating on you, yeah
I'm cheating on you, yeah
I'm cheating on me Oh, watch out, watch out
I'm cheating on you Goodbye girl, goodbye girl
Goodbye girl, goodbye girl
