

# Say Go

## Roundheels

Say what you want  
Say what you need  
Say I'm the one  
Say puh puh puh puh puh puh please What you gonna do  
To me for me  
What you gonna do Go at it alone  
Go and be free  
Go it hurts a ton  
Go sister stay away from me What you gonna do  
To me for me  
What you gonna do
