

# Buildings And Bridges

Ani DiFranco

Buildings and bridges  
Are made to bend in the wind  
To withstand the world,  
That's what it takes  
All that steel and stone  
Are no match for the air, my friend  
What doesn't bend breaks  
What doesn't bend breaks

We are made to bleed  
And scab and heal and bleed again  
And turn every scar into a joke  
We are made to fight  
And fuck and talk and fight again  
And sit around and laugh until we choke  
Sit around and laugh until we choke

I don't know who you were expecting  
Probably some bitch who does not budge  
With eyes the size of snow  
I may get pissed off sometimes  
But you seem like the type to hold a grudge  
And in the end, I just let go

Buildings and bridges  
Are made to bend in the wind  
To withstand the world  
That's what it takes  
All that steel and stone  
Is no match for the air, my friend  
What doesn't bend breaks  
What doesn't bend breaks
