

Treat Me Right (Jon Cutler Remix)

Kim English

I cant make you love me
I got to know who I am inside
Cause I know my value
I no longer waste my time
Theres someone whos for me
Yes it is only a matter of time
I am strong and can be alone
Until Im treated rightJust treat me rightI cant make you love me
I got to know who I am inside
Cause I know my value
I no longer waste my time
Theres someone whos for me
Yes it is only a matter of time
I am strong and can be alone
Until Im treated rightJust treat me rightEveryone wants someone, there for them
The only one,
who love is true
Makes you feel
Your heart feel it wont love again
If you didnt have,
them loving youI gave it a try
dont know why
It hasnt been, as beautiful
As when it first beganWell Ive learned
I must turn, and walk away
To give them time
To make up their mindI cant make you love me
I got to know who I am inside
Cause I know my value
I no longer waste my time
Theres someone whos for me
Yes it is only a matter of time
I am strong and can be alone
Until Im treated rightJust treat me rightHad a man
Loved me much, so he said
But didnt know, how to love at all
Because he made
Made me cry, cry all the time
Till it became just like a game

He could not see, by gods designs
is what I am, is what he needs
Its his lost, not mine
Ive move on, since Im gone
Hes come again
And finally,
I can stand and sayI cant make you love me
I got to know who I am inside
Cause I know my value
I no longer waste my time
Theres someone whos for me
Yes it is only a matter of time
I am strong and can be alone
Until Im treated rightJust treat me rightI am, worth more then you know
Yes, I am
I am, more precious than goldI cant make you love me
I got to know who I am inside
Cause I know my value
I no longer waste my time
Theres someone whos for me
Yes it is only a matter of time
I am strong and can be alone
Until Im treated rightJust treat me right
