Slut

Medicine

Tongue - lash, lick me
Pulsate, kiss me
I pull you close and it's all I ever wanted
To strip you bare and to see you standing naked
I watch you pulse feel your skin press
Deep into my hands
The time is right so I can take you and I place your...
Tongue - lash, lick me
Pulsate, can't breathe
Pull deep, can't sleep
You breath in me
Your hands move down they are
Moving on their own
Our teeth are banned now it's getting
So much tighter
Our skin it slides back and forth
Across a sheet of glass
And now I know that I'll never
Have to ask again
Tongue - lash, lick me
Pulsate, kiss me
You play me baby you play
Me like a violin
I'm singing sweet so I know that
This can be no sin
Just pull me closer and
This will never ever end
So watch me close and I'll
Show you just how I can...
Tongue - lash, lick me
Pulsate, through me
Pull deep, can't sleep
Your skin thrills me
Tongue - lash, lick me
Pulsate, kiss me
You served me well and it's all
I ever wanted
As I walk out I can see that
You are bleeding

But that's a risk that you're
Taking when you come with me
I'm feeling full and now I'm
breathing so much freer.
