Revenge I Seek

Bleeding Through

When I quest my flashing sword and my hand takes hold of judgment, I will take vengeance upon mine enemies and I will have paid those who haze me, Oh Lord raise me to thy right hand and count me among thy saints.Fuck your world, and fuck your kind.
Go fuck yourself, you're fucking barely alive.
I used to think of what you meant to me.
I think of you every fucking day.Why the fuck did I let you into my heart?
Now where do I begin?
Today is my last fucking chance.
Erase it all and kill my past.Fuck what we fucking shared.
The memories don't mean shit.
Don't give a fuck about what you'll say.
The memories don't mean shit, anymore.You're society's whore.
Anymore.
I'll walk through this wasteland
Before I'll ever fucking hold your hand again.I'll burn forever, before I ever fucking see your face again, in hell.
Anymore.
And you're society's whore.
Anymore.Mother fucker.
And that's fucking right.
Fuck you forever.
I'll despise you for the rest of these days.Fuck you forever.
I'll fucking hate you for the rest of my life, my life.
Why the fuck did I let you into my heart?
Now where do I begin?Today is my last fucking chance.
Erase it all, and kill my past.
Fuck what we fucking shared.
The memories don't mean shit.Don't give a fuck about what you'll say.
The memories don't mean shit, anymore.
You're society's whore.
Anymore.Revenge I seek.
