

# Crush

## Quadron

Always five steps between me and him  
From a desk I have view to his chin  
If I had the code to his grin  
The loss of traction could sink in  
It's pullin' me out of my skin  
Get so worn down wishing for him  
To bring me to a  
And play me like a soft violin  
How soon will I get to know  
If dreaming of you is wasting my time  
Don't you know while my body is growing  
I'm spending my days watching you time  
Each Friday when he's not on my bus  
I miss him like an addict needs her drugs  
No one tells a believer to give up  
Scribble his name with a pen he's struck  
If for one day I could be any bug  
I'd let him kill me for a taste of his blood  
And maybe some day he'll notice me  
If I keep a close proximity  
How soon will I get to know  
If dreaming of you is wasting my time  
Don't you know while my body is growing  
I'm spending my days watching you time  
Who says that you're taken  
If that's true then what did I miss  
I don't believe it no  
But soon I'll have you comin  
I just need to get my first kiss  
Give you my kiss  
How soon will I get to know  
If dreaming of you is wasting my time  
Don't you know while my body is growing  
But I can't  
I'm spending my days watching you time  
Spend all my days  
How soon will I get to know  
If dreaming of you is wasting my time  
Don't you know while my body is growing  
I'm spending my days watching you time
