What Lurks On Channel X?

Rob Zombie

13 acres of hell
Ladies and Gentlemen
Ladies and Gentlemen
Ladies and Gentlemen
Ladies and Gentlemen
I would like to make the following statement
I would like to make the following statement
The young generation, that sick generation
The young generation, that sick generation
What is lurking?
What is here?
What is lurking?
And what you fear
What is lurking?
What is here?
What is lurking?
And what you fear
Impressable young people
Impressable young people
Impressable young people
Impressable young people
Brutal honesty will be shown on this screen
Brutal honesty will be shown on this screen
The young generation, that sick generation
The young generation, that sick generation
What is lurking?
What is here?
What is lurking?
And what you fear
What is lurking?
What is here?
What is lurking?
And what you fear
Get busy
Yo get busy
Yo get busy
