

# Who's That Girl? (acoustic)

Hilary Duff

There were places we would go at midnight  
There were secrets that nobody else would know  
There's a reason but I don't know why  
I don't know why, I don't know why  
I thought they all belonged to me  
Who's that girl?  
Where's she from?  
No, she can't be the one  
That you want  
That has stolen my world  
It's not real, it's not right  
It's my day, it's my night  
By the way  
Who's that girl living my life?  
Oh no, living my life  
Seems like everything's the same around me  
When I look again and everything has changed  
I'm not dreaming so I don't know why  
I don't know why, I don't know why  
She's everywhere I wanna be  
Who's that girl?  
Where's she from?  
No, she can't be the one  
That you want  
  
That has stolen my world  
It's not real, it's not right  
It's my day, it's my night  
By the way  
Who's that girl living my life?  
I'm the one  
Who made you laugh  
Who made you feel  
Who made you sad  
I'm not sorry  
For what we did  
And who we were  
I'm not sorry, I'm not her  
Who's that girl?

Where's she from?  
No, she can't be the one  
That you want  
That has stolen my world  
It's not real, it's not right  
It's my day, it's my night  
By the way  
Who's that girl living my life?  
Oh no, living my life
