

Just Might Have Her Radio On

Trent Tomlinson

(VS1)

Hey mister DJ can I make a request, somebody I love just up and left
And if I know her she'll drive allnight long, and she JUST MIGHT HAVE HER RADIO ON, yeah I'll pray she
has her radio on

(VS2)

Just in case she ain't that far from town, play somethin' that will turn her around
And send it out from a fool who's done her wrong, hey she JUST MIGHT HAVE HER RADIO ON, yeah I'll
pray she has her radio on

(CHOURSE)

Play somethin' that will get her thinkin' aout me, Let her know I'm really sorry, somethin' that reaches out in
the dark, weighs on her mind and tugs at her heart

(VS3)

Well I guess you get this all the time, broken hearts lightin' up all the lines, baging you to play that special song,
but hey she JUST MIGHT HAVE HER RADIO ON, yeah I'll pray she has her radio on

(REPEAT
CHOURSE)

Play sometin' that will get her thinkin' about me, Let her know I'm really sorry, somethin' that reaches out in
the dark, weighs on her mind and tugs at her heart

(BRIDGE)

I need to make a dedication before that late night scene is faded, before she drives away to far parks that dimed
old car

Hey.....

(REPEAT CHOURSE)

Play somethin' that will get her thinkin' about me, Let her know I'm really sorry, somethin' that reaches out in
the dark, weighs on her mind, tugs at her heart, tears up her eyes, turns round the car

Hey mister DJ can I make a request somebody I love just up and left
