

Never Goes Away

[Ben Watt](#)

Black crow in his usual tree
Watch him looking down at me
And it never goes away
No, it never goes away Felt your heart beat through your dress
You'd have to change to love me less
And it never goes away
No, it never goes away Hope can fade
But just when it seems lost
It can be found again
How special do I need to feel?
Spinning like a wheel
And it never goes away
No, it never goes away Hope can fade
But just when it seems lost
It can be found again
Felt your heart beat through your dress
Showing up your tenderness
And it never goes away
No, it never goes away
No, it never goes away
