

What's Life Without Losers

[Mikhael Paskalev](#)

you say "what's happening?"
and i say "what's not, my friend?"
you're the girl that i think i like
now you please me good and you squeeze me tightdon't you get me wrong
even though you're in this song
i've met girls before and i know
that this here feeling will go
vanish like the snow in Juneso what's too soon? take it easy
i'm just saying it ain't wrong
this here life, it will go on
although some might say it goes on for too longso girl let's stop this gaming,
we don't really want no naming
we're just friends out for a spin
holding hands but not to wintake a chance on losing
what's life without losers?honey yes honey no
honey don't worry
let's just watch the flowers growi say "hey friend"
and i say "what's happening"
you're the boy that i'm thinking of
now you're words are clever and it's not about loveit's about lust
a thing we cannot trust
now it pulls you to your knees
and it feels like falling but it's about the birds and the bees
looks like i understand younow what to do? come over
stay off of my shoulder
ah now honey don't shed no tears
we're both built with all these fearshey let's stop pretending
there don't have to be no endingand i feel alright
honey now you
you feel it toonow we
we both agree
ain't nothing wrong
we don't need someonehey better yet
there are moments that i regret
oh but girl there's just a few
i still want you to break my heart in twothe sun is shining, the air is moist
hoist that flag, white flag of rejoice
and it means you stop pretending
that your hand is not for lending

i swear i'll give it back to you what to do, slow up
take a moment before you grow up
oh now don't you stretch too tall
too big too scared for the fall take your chance on losing
what's life without losers? honey yes, honey no
honey don't worry
