Paper Cuts

Vega 4

When I'm feeling tired She puts food through the door I crawl towards the cracks of light Sometimes I can't find my way Newspapers spread around Soaking all that they can A cleaning is due again A good hosing down The lady whom I feel maternal love for Cannot look me in the eyes But I see hers and they are blue And they cock and twist and masturbate

I said so!

I said so!

I said so!

Nirvana

Black windows of paint I scratch with my nails

I see others just like me

Why do they not try to escape?

They bring out the older ones

They point at my way

They come with the flashing lights

And take my family away

And very later I have learned to

Accept some friends of ridicule

My whole existence is for your amusement

And that is why I'm here with you

To take me with your eyes
