

Makin' Out

Tree Adams

I'll be the one who brings you coffee
When you can't get up
I'll be the one who turns the light out
When you go to sleep
I'll be the one who turns your stomach
Into somethin' else and you say
Shut up, shut up, every time I say
I'll be the one who takes your coat off
One to take the blame
I'll be the one you call your lover
Every now and then
You'll be the one who keeps me sober
One to keep me sane and you say
Shut up, shut up, every time I say it
And I'd cut my fingers to the bone
And I'd split my sides in for you
Tonight, we throw ourselves away
And we make it every timee
When I thought I was okay
You said I was alright
As the night comes crashin' down
We catch ourselves a line
Yeah, we're only makin' out
If we make it out alright
I'll be the one who stands beside you
In the photograph
I'll be the one that's in your water
When you want me there
I'll be the one you're fallin' over
Every time you laugh and you say
Shut up, shut up, every time I say
I'll be the one who keeps you guessin'
Who swears a lot
I'll be the one that let your colors
In the white wash
You'll be the one that knocks the man out
I was beatin' up and you say
Shut up, shut up, every time I say it
And you cut my face, I told you so

And I'd tear my eyes out for you
Tonight, we throw ourselves away
And we make it every time
When I thought I was okay
You said I was alright
As the night comes crashin' down
We catch ourselves a line
Yeah, we're only makin' out
If we make it out alright
And I'd cut my fingers to the bone
And I'd split my sides in for you
Tonight, we throw ourselves away
And we make it every time
When I thought I was okay
You said I was alright
As the night comes crashin' down
We catch ourselves a line
Yeah, we're only makin' out
If we make it out alright
