

Party

House of Shem

This is a party
Get high if you want to
Fly if you want to
This is a party
Tell your friends to come along
There's no invitation
This is a party
Get high if you want to
Fly if you want to
This is a party
Tell your friends to come along
There's no invitation
Come join the fun
I'm seeing you smiling at me
That's the way I prefer in to me
For me, a fresh reality
Does not like me too much
That I may never get her not too much
The thing sisters work come innocent
You make me so proud
I'd like getting now
You in party
So get high if you want to
Fly if you want to
'Cause this is a party
Tell your friends to come along
There's no invitation
This is a party
Get high if you want to
Fly if you want to
This is a party
Tell your friend to comr along
There's no invitation
Life gets hard
There seems not to be this freedom
Then up above yeah
Why can't we live our lives this way
I'm not mind control
Now we call our men not to listen that it should be

The truth will unfold
This moment to come
Something above
This party
So get high if you want to
Fly if you want to
'Cause this is a party
Tell your friends to come along
There's no invitation
This is a party
Get high if you want to
Fly if you want to
This is a party
Tell your friends to come along
There's no invitation
Party
Party
Who wants to have a party?
Party
Party
So please don't be naughty
A conscious party
For everyone to see
Good vibe, gracious
Flowing through you and me
A blessing to Jah
You know you can be free
Yeah
Yeah
A blessing to Jah
And live for eternity
Eternity
So come join the fun
Yeah
I see you smiling at me
That's the way I prefer in to me
For me, a fresh reality
Does not like me too much
That I may never get her not too much
The thing sisters come innocent
You make me so proud
I'd like getting now
In this party
So get high if you want to
Fly if you want to

This is a party
 Tell your friends to come along
 There's no invitation
 This is a party
 Get high if you want to
 Fly if you want to
 This is a party
 Tell your friends to come along
 There's no invitation
 end
