

# Julia

## Taken By Trees

Julia, you're not the talking kind  
Julia, I've been your kind  
I hope you know, hope you know  
Hope you know You can tell me all that's on your mind  
We rarely speak but I do think of you a lot They told me you were afraid of things  
Had to wear shoes inside, dear Julia  
I heard you're fond of singing songs  
Doing it on you own sweet, Julia Julia, there is so much in your favor  
Take what's yours, take some more, dear Julia  
Have I told you, have I told you, have I told you?  
I'm the one who really understand 'Cause' I have been all the places  
You have been, dear Julia They told me you were afraid of things  
Had to wear shoes inside, dear Julia  
I heard you're fond of singing songs  
Doing it on you own, sweet Julia Just told me you were afraid of things  
Had to wear shoes inside, dear Julia  
I heard you're fond of singing songs  
Doing it on you own, sweet Julia
