It's Not Love (If It Doesn't Hurt)

For All Those Sleeping

Being alone with my thoughts is a dangerous game
But nightly I play, till I've had all I can take
Because this bed seems so big,
Without the touch of someone so easily replaced
Lie to me and tell me I'm what you've been missing
'Cause all my hours are spent waging wars in my head
So let me feel right for one minuteChew me up, spit me out
I don't wanna be alone,
So use me up, throw me out,
'Cause I cant say no (cant say no)
It's not love if it doesn't hurt
If I break my teeth then will you see, oh its not love?
Its not love, till you bury meHeart versus head, and I don't know who I want to win
Because my hear always cares too much
And my head couldn't care less
I use to sell my love to the first buyer
But now that I want more the prices got higher
So if you wont take me
Then make me yours just for the night and try not to break meChew me up, spit me out
I don;t wanna be alone,
So use me up, throw me out,
'Cause I cant say no
It's not love if it doesn't hurt
If I break my teeth then will you see, oh its not love?
Its not love, till you bury meIf there's a place for lost souls like me
It may not be hell but I'm scared it might be
Will you burn with me?
'Cause my wings are too worn to carry me anywhere
But down and I'm scared to leave
Will you fall with me?Will you be my everything?
My everything?Ill be your anything if you don't leave
And let our tortured souls be tortured no more
Than yours to mine and mine to yoursChew me up, spit me out
I don;t wanna be alone,
So use me up, throw me out,
'Cause I cant say no
It's not love if it doesn't hurt
If I break my teeth then will you see, oh its not love?
Its not love
