

Stars

Ventura Lights

This must be what heaven looks like
Tonight, everything feels so right
Inside, the stars and the planets must have aligned
Everything feels so right, tonightNow here we are
Forever I'll carry your heart
I wish upon the stars that you'll feel the same
Wherever we are
Whether we're near or far
The love I have inside will always be your nameIt's been such a long long time
Since I've tried, to put all the pain and hurt
Aside,and now that you are here I know
I'm alive, everything feels so right, tonightNow here we are
Forever I'll carry your heart
I wish upon the stars that you will feel the same
Wherever we are
Whether we're near or far
The love I have inside will always be your name
