

A Dangerous Mind (Live at Bataclan, Paris 2004)

Within Temptation

I'm searching for answers
'Cause something is not right
I follow the signs
I'm close to the fire I fear that soon you'll reveal
Your dangerous mind It's in your eyes, what's on your mind
I fear your smile and the promise inside
It's in your eyes, what's on your mind
I fear your presence, I'm frozen inside, inside I'm searching for answers
Not questioned before
The curse of awareness
There's no peace of mind As your true colors show
A dangerous sign It's in your eyes, what's on your mind
I see the truth that you've buried inside
It's in your eyes, what's on your mind
There is no mercy, just anger I find, I find I just have to know, while I still have time
Do I have to run or hide away from you? It's in your eyes, what's on your mind
I see the truth that you've buried inside
It's in your eyes, what's on your mind
There is no mercy, just anger I find It's in your eyes, what's on your mind
I see the truth that you've buried inside
It's in your eyes, what's on your mind
There is no mercy, just anger I find, I find
