

You Are My Number One (radio remix)

Smash Mouth

Hold me down, I'm gonna fly straight to heaven
Hold me down, don't ever let go
I've been around, you know I can't stay forever
And then I'll leave, I want you to know When I'm finally gone I'm gonna be gone without a trace
There's a lot of good times ahead before we're done
And on top of my list of things before I leave this place
You are my number one You can tell me lies, you know that I'd still believe you
Stay right here, don't move from that spot
I can't go, you know I'm afraid to leave you
Don't you know you're all that I got I'm afraid if I go you might disappear behind the mist
And I'd rather be hung from a tree or shot by a gun
And of all of these things that matter here upon my list
You are my number one
