Twenty Questions

Beastie Boys

Is the cup half empty or is the cup half full?
Does the sun rise at dawn or does the earth just spin along?
Or is it all perspective on how we see the world?
How many countless life forms are on a little ball that twirls?Are we intrinsically separate beings?
Or could we possibly be parts of the same thing?
Water feeds the plants and the sunshine makes them grow
So how can anyone be an island on their own?Does life make me happy or does it bring me down?
Do I have what I need or do I just want what's around?
Am I seeing truth or do I just see wool?
Well, is the cup half empty or is the cup half full?
