

You Are Moving

[Leah Smith](#)

Verse

Our God is stirring the water

He's calling us to go deeper

Our God is stirring the water

We jump in

You are moving. You are moving.

And we don't want to miss a thing.

You're fulfilling every promise, and every eye will see.

You are moving. You are moving.

In our hearts and in our lives.

Lord it's you that were pursuing.

You are moving.

Your promise is made real.

Your glory is all around us.

You've brought revival here.

We embrace your move.
