

Ashes Like Snow

Lily Kershaw

Ashes falling like snow
As the wind blows their last breaths upon the breeze
Ashes falling like snow
All the people you'll never know
That you brought to their knees

Won't you meet me in the morning
You left without any warning
I don't know where to put you now

People floating on down
A strange dance from the towers in the sky
People floating on down
Fire so hot at their backs
Better to hit the ground

Won't you meet me in the morning
You left without any warning
I don't know where to put you now

Come back
Won't you come back to me
Come back
Won't you come back to me

Ashes that once were bone
Where do we go from here
Ashes that once were bone
I'm slipping from my faith
I'm falling with my fear

Won't you meet me in the morning
You left without any warning
I don't know where to put you now

Ashes like snow
Where did you go?
