

# Sleeping Beauty

## KidzTown Kids

Still waiting for my ship to come in  
Still looking for the right kinda friend  
There are things inside things that can't be denied  
What am I waiting forA sleeping beauty, so helpless  
    Unlock my fantasy  
    And while is slept  
    You came in  
And gave to me your key oh your keyThings that we did again and again  
    Things that I thought would never never end  
There are things inside things that can't be denied  
What am I waiting forA sleeping beauty, so helpless  
    I confess of perfect design  
    And while is slept  
    You came in  
    And took this heart of mine  
    A sleeping beauty, so helpless  
    Unlock my fantasy  
    And while is slept  
    You came in  
And gave to me your keyI looked around I saw your face  
    Then I kissed you in a very nice place  
    What was I looking for  
Still waiting, still waiting, still waiting  
    Waiting waiting for you  
    Ooh baby  
I'm still rootin' for you honeyYou showed me how to give  
This selfish hear t of mineOh a sleeping beauty, so helpless  
    Unlock my fantasy  
    And while is slept  
    You came in  
And gave to me your key oh your key  
    A sleeping beauty, so helpless  
    Unlock my fantasy  
    And while is slept  
    You came in  
And gave to me your key oh your key  
Still waiting, waiting, waiting, waiting
