

It Ain't Obvious

Gareth Gates

I keep trying but I'm running out of ways
To make you want me, baby
I cannot be everything you want
You drive me crazy, you're never satisfied
If it's not even worth a try
Times are for makin' up your mind
Maybe we'll never see eye to eye
So treat me cruel to be kind
Lets' play it straight down the line
I'm sure you wanna be mine
But it ain't obvious
Why can't you just let it be
What would you have me believe
I'm sure you really want me
But it ain't obvious
Why don't you put a little trust in me
And let it go
If you don't take a chance how will you ever know
Baby I'm on your side
Have I been foolish all along
Have you been leadin' me on
Just to walk away
If this is where you belong
So treat me cruel to be kind
Let's play it straight down the line
I'm sure you wanna be mine
But it ain't obvious
Why can't you just let it be
What would you have me believe
I'm sure you really want me
But it ain't obvious
But it ain't obvious
But it ain't obvious
But it ain't obvious
But it ain't obvious
Come on, won't you be with me
What would you have me believe
Come on, won't you be with me
Oh no, no

If its not even worth a try
Times are for makin' up your mind
Maybe we'll never see eye to eye
No, no
So treat me cruel to be kind
(Treat me cruel)
Let's play it straight down the line
(It ain't obvious)
I'm sure you wanna be mine
(Just seeking)
But it ain't obvious
(Just let it be)
Why can't you just let it be
(Just let it be)
What would you have me believe
(Me, believe)
I'm sure you really want me
But it ain't obvious
(It ain't obvious)
Come on, won't you be with me
(Won't you be with me)
What would you have me believe
(Won't you be with me)
Come on, won't you be with me
But it ain't obvious
Come on, won't you be with me
What would you have me believe
(Won't you be with me)
Come on, won't you be with me
But it ain't obvious
It ain't obvious
But it ain't obvious
It ain't obvious
But it ain't obvious
But it ain't obvious
But it ain't obvious
But it ain't obvious
But it ain't obvious
But it ain't obvious
