Release

She Keeps Bees

Brick by brick
She's gonna take you down
She's gonna take your whole goddamn world down
Say what you want
I believe you're the one
Who can stand to hear me say
She is chipping away
She is the movement everything
Gonna bring home that you see
So get out of the closet
We're gonna shred down to the bone
I'm not leavin until you sayI release, release, release release releaseAin't nobody gonna tell
Me where to put my well
I'm gonna dig wherever I need to
Now can you sit and watch
As she ties in you knots
You're tangled, afraid
So spare me the debate
I won't listen anyway
And you got to say with meI release release release release release
Release release release release release
Release release release release release
