

Easy

Palehound

Been bursting with a sore
its making you sleep on the floor
a sore and sickly guest
an eye sore when i need some rest
i'm pushing back your tongue
with my clenched teeth home security system
twitching like a pet
in the palm of someone's mean fat kid
Oh oh oh but you say
you're never afraid
cause you get of easy, easy youuuuu
but i tried on your shoes
they made me bleed tooooooo
with muscle set to blow
I'm plunging down a novice slope
Just chewing off the ends
and sucking out the vitamins
I'm making quite a scene
when all i need a little sleep
and all i need a little sleep
and i'll be good to clean and eat
Ohhhhhhhhhhhhh oh oh ohhhhhh
oh I tried your shoes
they hurt my feet tooooooo
Cause lately I've been thinkin' that you're never gonna live
oh lately i've been thinking that you're never gonna live
Lately i've been thinkin' that you're never gonna live ohhhhhh
