Stun Gun (Matlock remix)

Quarashi

[Tiny]
Aye yo, this shit doesn't come easy
but hey don't misjudge me
whatever might displease you
still couldn't touch me
I don't care what I write is what I'm gonna bust
fights on round one
if you fuck with anyone of us
What? Please, you better run till your knees concede
shit hits the fan next time you see me
and I don't stall about what's up with y'all now
freeze on the spot when it's time to let it all out
and I don't know I just don't know
why things always get little bit out of control
why people get rowdy when I come into the place
Whoops, there goes my glass in your face[Chorus]
One time for my posse (posse)
Two times for my homes (homes)
We'll be chillin' in the backseat (backseat)
Where we bury the bone (bury the bone)One time for my posse (posse)
Two times for my homes (homes)
We'll be chillin' in the backseat (backseat)
Where we bury the bone (bury the bone)[Tiny]
Here's a birdie who plays dirty in this game
it's a shame that my ex wants to act this way
what a hag man, what a bunch of crap to say
when I've been nothing but fair with you up 'till this day
But hey, you got what you wanted so choke on this shit, too
you got issues, why you think I broke up with you?
Damn it, can't you see I don't need this crap?
I can't believe this bitch, give me my CD's back
In fact how's that for a turn off?
for your ugly ass and a face
I wouldn't even shoot sperm on
I'll tell you this much, you really got me pissed off
you flat-chested bitch you really thought I went this soft?
I tried to be nice, but if all you want is beef then
a word of advice so you can sink your teeth in
I can be your bearer of ill, rotten blues

when you disregard me this way, I bring bad news[Chorus][Softly]
One time for my posse.
Two times for my homes.
We'll be chillin' in the backseat.
Where we bury the bone.My experience: limited, reputation: discredited
the locals read it man, I have to live here please edit it
You can type that I'm quite nice if they buy it
I like my weekends private, real peaceful and quiet
I don't condone violence, read books for recreation
I interfere with politics and public relations
So put that in your piece and a lid on it please
Doesn't matter if you bend the truth a little bit, see?
Next time I'm in the studio I'll take my grudges out
and you can get the clean version sent to your house
This is my scene now, and I'm a crake for more
'till the world breaks, what the fuck you take me for?[Chorus]
