

# Traintime

## Cream

See the old train go down the track  
Hear the wheels go clicketty clack  
It's comin' home, comin' home  
Leavin' town, baby, ain't comin' home no more Traintime baby, traintime almost here  
[Incomprehensible] baby, it's almost here  
So give me one more time  
So no one [Incomprehensible] Traintime, baby, traintime, baby  
Traintime, baby, traintime, baby  
Traintime, baby, traintime  
Traintime, traintime, traintime Bye bye  
Bye bye  
Bye bye  
Bye bye
