

You By My Side

[Chris Squire](#)

You know I love you, we can't be without you
When I'm alone, I still feel this way about you
Every thing's clear, here is here
And everything is as it appears to be so Here am I dreaming, I stand by myself
Look and it's easy to see that
I'm not the only one reaching for a new kind of wealth
Reaching with nothing to hide and you by my side You know we love you, we can't be without you
When we're at home, we still feel this way about you
Every thing's clear, here is here
And everything is as it appears to be so Here we are dreaming, we stand by ourselves
Look and it's easy to see that
We're not the only ones reaching for a new kind of wealth
Reaching with nothing to hide, you on our side
