SoonYeah I know that your pockets low
Got nowhere and no place to go
Time is moving but you're going slow
So long x 3Yeah it's hard and you seem alone
Love will guide you to your throne
Through the dark & rain you'll glowLike a shining star you are
Born to play a part you are
A universal soundChorusYeah
A time will come when you won't notice
Oooh....
Where the time goes
Oooh....
Let the rainbow be your focus
Oooh....
Let the time goYeah I know that your pockets low
Got nowhere and no place to go
Time is moving but you're going slow
So long x 3Yeah it's hard and you seem alone
Love will guide you bring you home
Through the dark & rain you glowLike a shining star you are
Born to play a part you are
A universal soundChorus x 3AdlibBe honest with yourself
Step back head up chest out....open
