

Lemon

U2

Lemon
See through in the sunlight
She wore lemon
But never in the daylight
She's gonna make you cry
She's gonna make you whisper and moan
And when you're dry
She draws her water from the stone And I feel
Like I'm slowly, slowly, slowly slipping under
And I feel
Like I'm holding onto nothing She wore lemon
To color in the cold grey night
She had heaven
And she held on so tight A man makes a picture
A moving picture
Through the light projected
He can see himself up close
A man captures color
A man likes to stare
He turns his money into light to look for her And I feel
Like I'm drifting, drifting, drifting from the shore
And I feel
Like I'm swimming out to her Midnight is where the day begins
Midnight is where the day begins
Midnight is where the day begins Lemon
See through in the sunlight A man builds a city
With banks and cathedrals
A man melts the sand so he can
See the world outside
A man makes a car
(She's your destination)
And builds roads to run them on
A man dreams of leaving
But he always stays behind And these are the days
When our work has come asunder
And these are the days
When we look for something other Midnight is where the day begins
Midnight is where the day begins
Midnight is where the day begins

Midnight is where the day begins
Midnight is where the day beginsMidnight is where the day begins
Midnight is where the day begins
Midnight is where the day beginsA man makes a picture
A moving picture
Through the light projected
He can see himself up close
A man captures color
(She's your destination)
A man likes to stare
There's no sleeping there
He turns his money into light to look for her (she's imagination)Lemon
She is the dreamer
She's imagination
Through the light projected
He can see himself up close
