Godless

Mason Jennings

This is not a conquering, I am not conquered

Even as the helicopters come for me

My wife sleeps in her clothes in the corner

I'm looking down at the police on the streetWe all woke on this planet together

With the earth below and the sky above

Answer me this, would you do the same

If somebody raped the woman you love?K-k-killed a man and now I'm on the run

K-k-killed a man, now I'm on the run

K-k-killed a man, now I'm on the run

Godless burning underneath the sunK-k-killed a man, now I'm on the run

K-k-killed a man, now I'm on the run

K-k-killed a man, now I'm on the run

Godless burning underneath the sunDon't sleep in the light

(Let 'em come, let 'em come)

Don't sleep in the light

(Let 'em come, let 'em come)Don't sleep in the light

(Let 'em come, let 'em come)

Don't sleep in the light

(Let 'em come)
