

Hey Daydreamer

Neil Halstead

I don't wanna be alright.
I don't wanna feel just "OK".
I wanna see everything.
I wanna go everywhere.
I wanna settle down, hey lover.
I wanna run away, daydreamer.(chorus)
I don't wanna feel alone.
I don't wanna simplified it all.
lalalalala, lalalalala
lalalalala, lalalalala
lalalalala, lalalalalaI wanna be the one you love.
I wanna be the smile in your world.
The start of something beautiful
In this lonely world
I wanna say stop, hey lover
I wanna say start, daydreamer(chorus)
I don't wanna feel alone.
I don't wanna simplified it all.
lalalalala, lalalalala
lalalalala, lalalalala
lalalalala, lalalalalaI wanna be the one you love.
I wanna be the smile in your world.
The start of something beautiful.
In this lonely world.
