

Woman Don't You Cry for Me

George Harrison

I'm gonna leave you here
I'm gonna leave you at the station
I've got a long way to go, baby
Woman don't you cry for me Now I can't take no more
Now I don't need no complication
I've got a long way to go, baby
Woman don't you cry for me There's no one place I want to be
Attachment only hurts you
Take care of yourself, baby
C'mon won't you let me be There's just one thing I got to see
That's the Lord got to keep Him in sight
Take care of yourself, baby
C'mon won't you let me be There's no one place I want to be
Attachment only hurts you
Better take care of yourself, baby
C'mon won't you try to see There is just one thing I got to see
That's the Lord got to keep Him in sight
Better take care of yourself, baby
C'mon won't you let me be Now baby here's the door
I don't need no aggravation
I've got a long way to go, baby
Woman don't you cry for me I'm gonna leave you here
I'm gonna leave you at the station
I've got a long way to go, baby
Woman don't you cry for me I've got a long way to go, baby
Woman don't you cry for me
