Something to say
When you're so far away
And everything flies right by
Like a dream You're stuck in your tracks
There's no turning back
I wish I could pull you close
Inside of me Girl, if it's alright, a 100%
It's intellectual, I wanna let you know
I won't let you go until you say please Girl, if it's alright, a 100%
It's intellectual, I wanna let you know
I won't let you go until you say please How could you forget
The way that we met?
The street corner lights on fire
Like a dream And since you've been gone
It's been to each his own
We'll never be side by side
Or so it seems Girl, if it's alright, a 100%
It's intellectual, I wanna let you know
I won't let you go until you say please Girl, if it's alright, a 100%
It's intellectual, I wanna let you know
I won't let you go until you say please Girl, if it's alright, a 100%
It's intellectual, I wanna let you know
I won't let you go until you say please Girl, if it's alright, a 100%
It's intellectual, I wanna let you know
I won't let you go until you say please A 100%
