

# For Love

## Ringo Starr

Feel like I'm going under  
My heart it beats like thunder  
For love, for love, for love Why can't it be a saying?  
This is a price we're paying  
For love, for love, for love You have to have a heart to have it broken  
To hear the words of love softly spoken  
It seems so easy  
If love is comin' in you better know it  
Come and let it out ya gotta show it  
I'll stand in line, one more time  
For love Well there may be many times  
We know the sun will always shine  
I am yours and you are mine  
We do it all, for love Everybody's got to know  
That love is not like in the picture show  
When you know, you really know  
So do it all for love There are good and bad days  
You'll still love me always  
For love, for love, for love In this world we live in  
We can always be forgiven  
With love, with love, with love  
As long as quiet is an emotion  
Sometimes tears are really like the ocean  
So, embrace them  
No matter how you try, you can't forget it  
We can only make it better, if you let it  
We'll stand in line, together, one more time For love Well there may be many times  
(For Love)  
We know the sun will always shine  
(In Love)  
I am yours and you are mine  
We do it all, for love Everybody's got to know  
(That love)  
That love is not like in the picture show  
(You know)  
When you know, you really know  
So do it all for love.  
I'll stand in line, forever, every time  
For love

(For love)  
(In love) I am yours and you are mine  
Do It All For Love  
Everybody's got to know  
(That love) is not like in the picture show  
(In love) when you know, you really know  
So do it all  
For love!  
For love...  
For love
