

# Stampede

## Ride

Wondering outside Where do you go?  
With your eyes in sight Who do you see?  
You're in my life How do you feel?  
But you don't know me Where could you be?  
Where do you go?  
Who do you see?  
Mixing loyalty  
I follow what I see  
I follow what I feel  
Until your wisdom loses me  
Please  
Stampede into me  
Stampede into me
