You Don't Know Me (feat. Oliver)

Green Lemon

Everybody's having fun tonight
I will never be the same
'Cause I know I have to talk to you
This is what I gotta do

Everbody's talking all the way
Nothing will remain the same
Even though that I've been dancing here
You don't know I feel alone

Now that I've been dancing on the scene without you
If you remember how it used to be when we were lying down alone
Every piece of my heart is just crying out your name
'Cause it's you who makes me feel alive
And I miss you

Ohhh you don't know me, please don't go
Ohhh You don't know me, be the one
Ohhh you don't know me, please don't go
Ohhh You don't know me, be the one

Now you're standing just in front of me
It will never be the same
'Cause I know I have to kiss your lips
This is what I wanna do

Everybody's smiling all the way
You will never be the same
Maybe you will feel the way I do
How I wish you'd feel the same

Now that I've been dancing on the scene without you
I can remember how it used to be when we were lying down alone
Every piece of my heart is just crying out your name
'Cause it's you who makes me feel alive
And I miss you

Ohhh you don't know me, please don't go
Ohhh You don't know me, be the one
Ohhh you don't know me, please don't go

Ohhh You don't know me, be the one
